Dear Carrie,

On behalf of the Rick Trevino Hill Country Classic & First Foundations
Preschool, I would like to thank you for promoting the golf tournament with
public service announcements. The golf tournament was more successful,
thanks to people like you. The money raised will help equip the school with
new curriculum, learning tools and much more! Thank you for helping us

THANK YOU Clear Channel Radiol!

On behalf of the Star of Texas Fair and Rodeo's Gala committee many thanks for your gracious donation to our silent auction! We are certain that the 2003 "Lone Star State of Mind" Gala will be a fond memory for all of those who attended.

Because of your generosity and the bids of our guests, the event will also be memorable for the students who benefit from the event. We were able to raise over \$26,000 for the scholarship fund, from the silent auction alone. In today's uncertain times, this money will be greatly appreciated by the youth of central Texas and their families.

We look forward to maintaining our good relationship and next year as being even bigger and better. I wish you continued success for your business this coming year.

Again, thank you very much from myself, the Board of Directors, and the members of the Gala committee.

Best regards,

Dear Ms. Smith,

Last week, our Girls Scout troop toured KVUE's studios. I would like to let you know how much we enjoyed the tour and appreciate Jerry Marcella's help. From the day I made the arrangements for the tour, Jerry was a pleasure to work with. He certainly made a great impression on everyone who attended.

The girls were fascinated with what Jerry showed them and they were talking about it long after the tour. My daughter was captivated later that evening when I showed her the news and she realized it was the set she had been in earlier that day. Thank you for taking the time to do these tours. It really makes a difference.

We arranged for this tour as part of our study of different career possibilities. It was particularly nice for the girls to see women working at your station, especially the female newscasters, reporters, and photographers. Jerry did a great job of pointing out the women in these important roles and telling the girls they could do any job here that they wanted.

Olga Campos in particular was so kind to take a few minutes to personally talk to the girls and take a picture with them, even as she was nearing time for a news cast. She had even taken time before we arrived to sign some pictures for the girls. They were very excited to meet her, especially when they saw her on the news later that day.

Several years ago, my daughter and I were talking about what she wanted to be when she grew up. When I listed out several possibilities, she stopped me and said she couldn't be a doctor. When I asked her why, she said, "Because girls can't be doctors." Her pediatrician was a man and it never occurred to me that she would draw that conclusion. I tell you this to illustrate how a tour like the one our girls took at KVUE can make such a difference in their perceptions of what their career choices can be. Thank you for allowing us to visit your station and open their eyes to the possibilities.

Sincerely,

Terri Loeffler

To Whom It May Concern,

I first want to express my thanks to your station for providing family programming during the holidays. We watched both "The Sound of Music" and "Mrs. Doubtfire". Those were good opportunities to watch enjoyable television together.

Until we got to the commercials. There were repeated advertisements for a bra sale and many pushes for the new show called "Miracles". Each time those offensive things came on we had to change the channel or turn off the t.v. till the ads had passed. Had your station run those spots at times of adult viewing we could have ignored the content. But when you thoughtlessly ran adult commercials two nights in a row during times when families or even just children would be watching we found it necessary to comment.

The thought that goes into offering family viewing during peak times should extend to the commercials which accompany those programs. We have always watched channel 24 for our news and much of our entertainment but we were disappointed with this choice of advertisements. You could do better.

Our family will continue to watch--- cautiously.

Sincerely,

A handwritten signature in cursive script, appearing to read "Julie McIntosh".

Dear Patti;

Thank you for your support of Celebrate Texas by participating as an underwriter sponsor of the 1st annual Texas Independence Celebration. It was a wonderful event and a great time was had by all.

Not only did we come together and celebrate Texas Independence Day and the history of Texas and its people, we made great strides in our education initiative to provide copies of *Texas Independence* to Texas middle schools for the 2003-2004 school year. Just a reminder, we are still accepting donations to help with this initiative.

Governor Perry made inspiring remarks regarding Texas Independence and his support of the Texas legislative bill to create Texas History Month should be motivation to all Texas legislators. As a highlight to the festivities, the evening also turned into an impromptu birthday celebration for Governor Perry.

Next year the Texas Independence Celebration will take place once again at the Bob Bullock Texas State History Museum, on Saturday night, March 6 – the day the Alamo fell. Save the date and make plans to join us.

Dear Ms. Smith and Mr. *Thad* Rosenfeld,

On behalf of Any Baby Can Child and Family Resource Center, we would like to thank KVUE-TV for supporting the Be a Star Campaign between December 1 and December 24. We are very thankful for the support KVUE-TV gives Any Baby Can. Through exposure made possible by KVUE-TV, awareness of Any Baby Can, our programs, and services has been raised in our community.

As you may already know, Any Baby Can Child and Family Resource Center is a non-profit organization that assists families who are at risk for having or are already caring for a child with developmental disabilities or chronic illness. We offer families support and access to the resources they require to care for their child's special health care needs by providing help, hope, support and guidance so that each child can realize his or her maximum potential.

It is individual and community support such as yours that helps us continue and further our cause, promoting healthy birth outcomes and allowing children with special health care needs in the greater Austin area to face and overcome their daily challenges.

- Our tax identification number is listed below. Your gift will be devoted to our tax exempt purposes and you shall not receive benefits or services in consideration for this gift. Therefore, the entire amount of this contribution is a tax deductible donation.

Thank you for sponsoring the Fire Whore community service award program, and giving me the opportunity to share my passion for charity crafts with the other award winners and distinguished guests. It was an honor for me and my guests to attend the wonderful reception and award ceremony taping at the beautiful Renaissance Hotel.

Central Texas is fortunate to have corporate sponsors like KVUE who devote time, energy, and financial support to publically recognize good deeds done by many willing volunteers. I know I was inspired by the volunteer work done by the other award winners, and I believe your broadcast of this annual event will send the same message throughout Central Texas.

Gratefully yours,

Dear Patti,

I want to thank KVUE for being truly a participating Partner on MAPcon, from beginning to end. We appreciate so much the fantastic promotion, placement and news coverage! I know it was your leadership and commitment of the station's resources that made it possible.

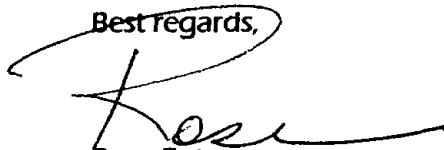

The spots were great, weren't they? Lynn outdid herself. Can't tell you how many people would pick up that brochure and say, "Oh, yeah, I saw this on tv."

Everyone loved the profiles that Olga and her team produced — thanks for putting the bug in their ears. It helped that we had great speakers to profile, of course — and speaking of speakers, you were the best! I know you have precious little time to spare and you spent a lot of it with us that week. Thank you.

Everyone agrees that this MAPcon ranks among our best, and KVUE helped make it so. The evaluations from participants were overwhelmingly positive. We're always looking for ways to make a great conference even better so if you have more ideas, we'd love to hear them.

Patti, you've been a faithful supporter of the Chamber, as well as a trusted friend. If you ever need anything, you know where I am. Again, many thanks for being a part of MAPcon. We were honored to partner with KVUE.

Audience participation exceeded our expectations, and we owe much of that success to your warm and professional moderating skills.

I also want you to know how much we appreciate the great news coverage and the speaker profiles. We've shown them everywhere including to our Board, and everyone loves them. Those profiles really captured the spirit of those women!

Your efforts helped make this MAPcon one of our best. The evaluations from participants were overwhelmingly positive. We're always looking for ways to make a great conference even better so if you have suggestions, we'd love to hear them.

Again, many thanks for being a part of MAPcon.

Re: The Dixie Chicks (Prime Time)
To Whom It May Concern:
I always look at the show and usually enjoy it.

Something I have never done is write a letter of this kind to a TV station, but I was shocked listening to the people on that show.

I thought we were living in America, freedom, and freedom of speech, but I guess not. I can not believe the terrible things they have said and done to these young ladies. They said what alot of people are thinking, just didn't say it out loud.

The Dixie Chicks are very wonderful Texans and Americans, plus they are fantastic entertainers. Now, I, as an American are very ashamed of those people who would bring their children into something like this. There is more I would like to say, but I won't. I am an American who is

ashamed of those Americans, who
feel that freedom of speech is un-
american. That is so very sad.

I Thought We Lived in America.

I applaud the Dixie Chicks, and
I am and always will be, a big
fan of theirs.

What kind of country are we
living in.

Thanks

Dear Ms. Smith:

Now that our advertising campaign has come to an end, I wanted to take a moment to personally thank you for the support KVUE has given us, both in the past and with our most recent campaign. Christi Humphries, our sales representative, was wonderful to work with, and was always willing to figure out ways for us to stretch our dollars. As a non-profit organization with very limited advertising funds, this was a huge help! Christi also offered us some bonus spots during the first part of this year, which was such a welcome surprise.

Additionally, your news team of Frank Volpicella, Keith Harris and Thea Williams has also been terrific. You are incredibly lucky to have such an experienced staff. Those of us in Austin who count on the media's support to help us spread our message are fortunate to have a station like KVUE to work with.

I hope you'll share this letter with the others I mentioned here, so they will know first-hand how much we appreciate them. We look forward to continuing our relationship with KVUE as we move forward to turn the dream of the Long Center into a reality.
